11. Summary					
<p>Control questions were provided on 8 December by King Zog to be put to the Apple Team, which has been operating northeast of Tirana since May and was feared to be under control because of the change in W/T transmitting technique due allegedly to an injury to the operator's hand. Answers to the questions were received on 13 December and appeared both to King Zog and to the [] Station to be genuine. The team is now believed to be safe. On 27 December W/T contact was reestablished and Athens informed the team that a new W/T operator will be dropped with supplies and medicines between 3 and 7 January 1953 to relieve the injured W/T operator. The team was instructed to confirm dates and the drop zone, and the members told that they may withdraw at their discretion to a safehouse in Yugoslavia for temporary refuge if they found it impossible to remain safely with the injured man at their present location.</p> <p>There were no resupply, propaganda supply or leaflet drops during December.</p> <p>The covert radio maintained a regular thrice-daily broadcast schedule.</p> <p>The NCFA semi-monthly newspaper <u>Shqipëria</u> was printed on schedule. 50,000 copies of the miniature edition were printed and sent to Athens for use in air drops over Albania.</p>
